GOV'T THROWIN' MONEY AWAY AINT NEW.

In recent days there has been considerable comment on the fact that about 100,000 annual rikins our Burrageo go through in making sure they spend all of the money Congress has appropriated and some of the ridiculous ways this is done. Like huying furniture, office equipment and other stuf that winds up collectin' dust in a warehouse somewhere. Why Congressmen Levin of Michigan and Cohen of Motine have not stumbled onto this situation none knows whether they must be new borned Wash. ingtons, or they stant been pyria' nuthin' attention.

This matter of buyin' stuf that ain't needed and throwin' it away is givin' it away for preces that make buyers of Government surplus millionaires has been good for generations. Not all of this good stuf winds up in surplus buyers' hands. They do say that th' scus off-

Washington, July 8 (USDA) — Cattle and veal and food for slaughter markets totaled 9.82 million head on July 1, 1980 in the 23 states, according to the Crop Reporting Board. The number on feed was 7% less than July 1, 1979, 12% below the July 1, 1978 level, and the smallest number on feed for this date since 1975.

The only weight group totals that exceeded previous year numbers were hoppers 700-899 pounds, up 1%, and heifers 900 lbs and over, up 7%.

Placement during the April-June quarter totaled 5.83 million, down 9% from the same quarter last year and 14% less than the second quarter of 1978. Other disappearance of 589 thousand head leaves net placement of 5.04 million.

Markings of fed cattle for slaughter during the April-June period was down 9% from the comparable quarter in 1979 and 15% below the 1978 level.

The July 1, 1980 number of cattle on feed included 5.29 million steers and steer calves, 8% less than the two previous years. Steers and steer calves accounted for 85% of the total on feed.

Heifers and heifer calves on feed totaled 8.27 million, down 5% from 1979 and 16% from 1978.

During the July-September quarter, cattle feeders intend to market 5.75 million head. This would be 4% below the third quarter marketings of 1979 and 12% below 1978.

In the seven monthly reporting dates, the total number on feed at 8.79 million is down 10% from a year earlier and 15% below July 1, 1978. This is the lowest July 1 figure since 1971.

The seven dates accounted for 71% of the 23-state total on feed.

Placements in feedlots during June at 1.45 million declined 8% from last year's level and was 12% below June 1978.

Marketings during June at 1.40 million were 10% below last year and 18% less than June 1978. Marketings for the seven states during the April-June quarter accounted for 75% of the 23-state total compared to 113 thousand and compared with 158 thousand a year ago.

Expected seven state marketings

The Cattle

American Black Maine-Anjou Cattle continue to perform in all phases of beef production. The producer applauds the reproductive and mothering ability of American Black Maine-Anjou females. Beef cattle specialists applaud the carcass statistics.

In a recent test conducted at Colorado Feeder, Dallas, Texas, by Frank A. Oels, Ph.D., Meat Science, on fifty head of American Black Maine-Anjou steers - 98% graded fine choice or better with a ribeye area of 15.5 square inches. Dr. Oels' comment: "Excellent!"

The people at the ABMAA offices are your full-time employees. Their only interests are to serve you in the breeding, registration, promotion and marketing of your Black Maine-Anjou Cattle. Look for the American Black Maine-Anjou Association booth at the major livestock shows. Charles Lankford, executive secretary of the Association heads up the ABMAA offices. Kelly Tucker has recently come to the association to assist Charles.

The sale will offer an outstanding selection of Wye Red Angus. For information on the sale offering contact the sale manager, Texas Angus Association, 817/831-2641.

\$5,000 in single and group classes.

With Texas Junior exhibitors competing for \$3,125 in the beef heifer and steer classifications, a total of \$8,125 will be available to Angus exhibitors. "It is our intent to continue serving a useful purpose for Angus cattle, as this breed has been the foundation for improvement and establishment of other breeds," stated Don Clark, Director of Livestock for the Pan-American. Junior exhibitors will parade their steers and heifers before the judges on October 15 and 16 respectively. The activities will be viewed by capacity crowds in the modern livestock pavilion.

The Pan-American theme of "Around the World in '80" places special emphasis upon the large number of visitors from countries in the Western Hemisphere and Europe. The Royal Canadian Mounted Police are the featured attraction for the State Fair rodeo, October 4-12.

Premium lists and entry cards are available through the Livestock Department, State Fair of Texas, P. O. Box 20010, Dallas, Texas 75220. All entries close September 1.

All American Angus Futurity July 28-29

The All American Angus Futurity, slated to be held in Louisville, Kentucky, July 28-29, has drawn attention from breeders nationwide, according to Chairman Tom Burke. Mr. Burke said the Embury Auction, which will be held in conjunction with the All American Angus Futurity, is unique in concept and also offers excellent Angus bloodlines for sale.

Joe Bill Meng, Manager of the Futurity, has confirmed attendance at the event later this month is shaping up to become one of the best in history. He further noted that four Angus embryos will be auctioned at the Futurity, each being the offspring of previous winners of the Futurity.

The All American Angus Futurity has long been known as the season's showcase for some of the finest Angus stock in America. Burke and Meng say addition of the All American Embryo Auction to the traditional show activities is another progression in the pre-setting events of the Futurity. In a June announcement, the show officials noted that the All American Angus Futurity is another landmark in accepted technology of controlled breeding. "For many years, beef herds have been improved through artificial insemination; embryo sale concept, since breeders look to the Futurity as a leader in not only the show circuit, but also in the Angus industry."

The Futurity this month marks the 38th year for the event, and show officials have confirmed that entries for the show are up and quality expected is high. In addition to the various class winners to be named during competition, two major winners will emerge from the Futurity: a Grand Champion Bull and a Grand Champion Female. One of the two Grand Champions will be named Supreme Champion, the most coveted honor at the All American Angus Futurity.

Events will begin on July 28, 8:00 a.m., at the Kentucky Fair and Ex-

Doug Parrott To Judge All-American Angus Futurity July 28-29

Tom Burke of Smithville, Mo., chairman of the 1980 All American Angus Breeders' Futurity, has announced that Doug Parrott, Beef Extension Specialist at the University of Illinois at Urbana-Champaign, will judge the Futurity on July 28 and 29 at the Kentucky Fair and Exposition Center in Louisville.

Parrott is a judging team coach for the University of Illinois, and teaches breeding and market animal evaluation. He has judged major shows in Illinois, Ohio, Nebraska, Indiana and Missouri, as well as the 1979 Adelaide Royal and Perth Royal Shows in Australia.

Parrott forms to the Futurity, contacted Joe Bill Meng, manager of the 1980 All American Angus Breeders' Futurity, Route 3, Box 187, Bowling Green, Kentucky 42101, phone 502/629-3421.

West Coast Import Beef About Steady

Los Angeles, July 18 (F-S) — West Coast import meat, compared with last week's close, limited sales of bull beef already. Depressed domestic boneless beef market and the end of the dock strike are the main factors causing the slow market conditions. With the dock strike found some receivers getting meat that was tied up at the dock and new arriving meat at the same time. Australian and New Zealand export for July and August delivery.

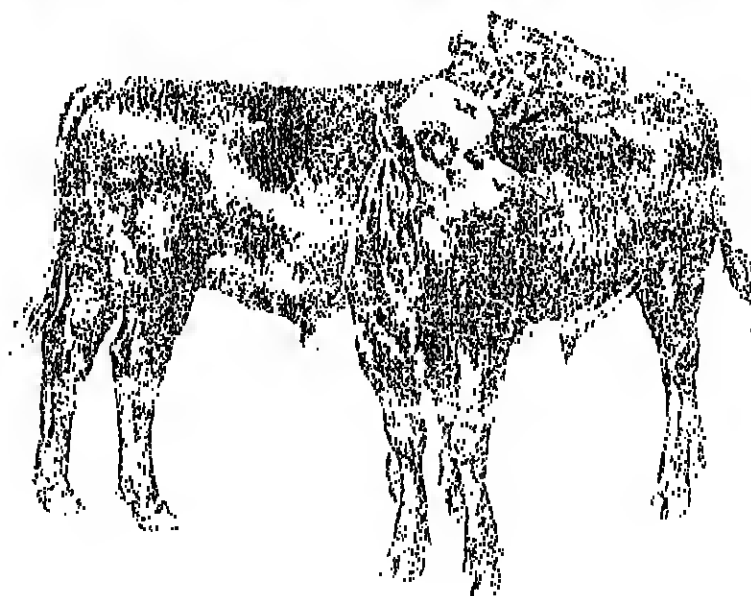

Sales 15 loads. Bull 80% chm lean 135.00-138.00.

Mountain Resort Site of Simmental Conference

Bozeman, MT — Keystone Resort, located deep in the heart of the majestic Colorado Rockies will serve as the location for the American Simmental Association's sixth annual Summer Conference, July 31-August 2. The 1980 Conference is being built around the theme of "What's Behind the Simmental Explosion?"

"Keystone is an ideal facility for the purpose of holding our Summer Conference," said ASA Trustee Miles Davies of Deer Trail, Colorado, Chairman of the Planning Committee. "Not only is it located in a beautiful, highly scenic setting, but the resort has an abundance of meeting rooms and other features which make for a successful meeting."

Simmental Heifer Futurity "Successful"

The American Simmental Association's National Junior Heifer Futurity, held June 13-14 in Springfield, Illinois was enthusiastically attended by large numbers of Junior ASA members, their parents and advisors.

"This event was highly successful," said ASA President Albert West III of San Antonio, Texas. "We think this is a great beginning, and starts us well on our way to having the finest association youth program in the entire country."

West expressed his gratitude to the host Illinois Association. "We especially want to thank the Illinois people and their President, Duke Felt, who did such an excellent job of organizing and coordinating the program."

More than 300 persons participated in some portion of the busy two-day schedule. Nearly 200 attended the luncheon awards banquet.

Overall contest winner was Christopher Haglund of Magnolia, Kentucky, with Randy Sandage of Saybrook, Illinois second. Third was Crystal Akers of Stephenville, Texas, with Jerry Hill of Tuttle, Oklahoma fourth. Jeff Gramm of Gridley, Illinois was fifth, and Roger Allen of Homer, Illinois sixth. In the Junior Division, Nikki Overpock of Clinton, Indiana was first, followed by Carrie Basham of Stephenville, Texas in second place, and James Stephen of Dublin, Texas third.

If the exhibitor is the original owner of the heifer, then the date of issue will be used and if the exhibitor purchased the heifer, then the date of re-issue will determine the date of ownership. Heifers born on or after January 1, 1980 will be accepted if registration has been applied for before July 1, 1980 and application has been made in the name of the exhibitor. A letter from the A.S.A. must accompany these heifers stating that application for registration has been made in the name of the exhibitor before July 1, 1980. This letter along with a copy of the application, must be presented to the superintendent when the heifer is checked in. All heifer tattoos will be checked.

Any Junior Exhibitor planning to purchase a January 1980 or younger heifer should see that the breeder fills out an application for registration and signs it as the breeder, then lists the exhibitor as owner and has him or her sign it, and send it to the A.S.A. office before July 1, 1980. Simmental Premiums At The Pan-American Livestock Exposition

"Simmental breeders and exhibitors now have a complete program at the 28th Annual Pan-American Livestock Exposition," stated Don Clark, Director of the Exposition. "This year marked the third year for competitive open classes and the first year for Junior Simmental heifer classes."

Clark further stated:

"Exhibitors will be at the Pan American for the open show October 9-12, and compete for increased premiums of \$5,000 on Friday, October 10. Junior exhibitors will parade their heifer such.

Classes will be divided as recently as possible after the heifers arrive. Premium money will be furnished by the State Fair of Texas, the Texas Simmental Association and the East Texas Simmental Association. Trophies for Champion and Reserve Champion Heifers will be furnished by the Texas Junior Simmental Association.

Simbrah. The best of both worlds.

America's most promising new beef breed ... combining the proven genetics of Simmental and Brahman.

Simmental contributes rapid growth, feedlot efficiency, excellent Yield Grade — plus the genetics for desired maternal traits of high fertility and abundant milk.

Brahman adds heat and humidity tolerance, disease and insect resistance, mothering ability, longevity and foraging ability.

The result is ...

Pinzgauer Headquarters Moving to Ames, Iowa, Prophet Publication Stops

The American Pinzgauer Association offices are being moved from Norman, Okla., to Ames, Iowa, and publication of the Pinzgauer Prophet magazine is being suspended, said Dr. Dan Scott, of Murchison and Dallas, president of APA.

Emmett Carter, executive secretary, will no longer be with the association, but will remain in Norman to handle increasing personal ranching and business interests there.

Dr. Scott said that the association is embarking on an effort to raise money for a greatly expanded advertising and promotional campaign, and already has commitments for some of the funds.

"Jay Nixon of Fort Worth has been engaged to handle a stepped-up advertising campaign through his advertising agency, The Outfit, and John Joyce of World Sales at Wharton to handle about five major Pinzgauer sales during the next year," Dr. Scott said.

Jim Glenn, with Iowa Beef Improvement Association, will be handling Pinzgauer registrations and transfers, and information on the breed. Correspondence should be addressed to Jim Glenn, Iowa Beef Improvement Assn., 123 Airport Road, Ames, Iowa, 50010, phone 615/233-3837.

Dr. Scott said that the association had reached the limit of capacity of the small computer it shared for registrations and transfers of cattle at the Norman facility, and has engaged Bowing's computer with unlimited capacity to begin handling registrations and transfers Oct. 1. He urges breeders to continue sending in their papers as rapidly as possible, and said that there will be only a slight delay in returns because of the changeover.

Dr. Scott said the Pinzgauer Prophet will be replaced with an association newsletter called the Pinzgauer Planner, and that a directory of the membership will be published.

The Norman office will be closed at the end of July and the Ames office officially opened Aug. 1.

Pinzgauer Crosses Have Slight Edge In USDA Feed Gain Test

Pinzgauer crosses showed a slight edge in average daily gain in a test of 788 crossbred steers of five types this year at the U.S. Meat Animal Research Center at Clay Center, Neb., although there was no significant difference in feed efficiency of the different types.

The steers, all from Hereford and Angus dams, posted these daily gains through the first 213 days of the test: Pinzgauer 2.56 pounds; Hereford-Angus crosses 2.53 pounds; Tarentaise and Angus crosses 2.47 and 2.46 pounds respectively; and Sahiwal just over 2 pounds, and Brahman crosses 2.28 pounds.

Roman L. Ruaka, director of the center, said the slower gaining Sahiwal crosses made the least efficient use of feed, and the Hereford and Angus had a slight advantage in the feed used to reach 18.9 percent fat trim.

Average weights going into and finishing the tests were: Brahman 671 and 1049 pounds; Tarentaise 655 and 1082 pounds; Pinzgauer 638 and 1040 pounds; Hereford-Angus 636 and 1027; and Sahiwal 640 and 979 pounds.

Largest Pinzgauer Sale Set Sept. 6

Gallatin, Tenn. — David S. Bridgley's Red River Farms and James A. Wanda's Green Acres Farms will have the largest offering of Pinzgauer cattle ever to sell in North America in their 3rd production sale near here Sept. 6 beginning at 11 a.m.

More than 300 lots of select Pinzgauer cattle from halfbloods to fullbloods will be auctioned by Curt Rodgers of Platte City, Mo., and C. J. Oakwood of Oakwood, Ill.

Further information is available from North American Auction Co., P. O. Box 1148, Platte City, Missouri 64079, phone 816/431-5706.

SW Chianina Field Day, Futurity June 7 Reported

Fort Worth — The Southwest Region Chianina Assn.'s second annual field day and futurity show at Fort Worth Stockshow Grounds June 7 drew 162 entries, up from 77 in 1979, first year of the event. Of the 162 entered this year, 143 animals were judged by John McNeil, Canyon, a Beef Cattle Specialist with the Extension Service.

Prizes of \$1,250 were paid for grand champions in three classes judged, heifers, prospect calves and market steers. Reserve champions received \$500 each, and the class winners in each category took home \$100 each.

The grand champion heifer was shown by Rossi Riddell of Fort Worth, and the reserve champion heifer by Thomas Schroeder of Taylor.

In the prospect steer class, Ricky Vogel of Horsford had the grand champion, and Tommy Pressley of Brockton, ridge the reserve champion. Class winners in the prospect steer judging also included Kelly Watson of Lookaba, Okla.

In the market steer competition, Randy Vogel showed the grand champion, and Todd Hoar of Alva, Okla., the reserve champion. Bobby Maddox of Cordell, Okla., also had a class winner.

Next year's third annual Southwest Region Chianina Field Day and futurity will again be held in Fort Worth, said

Charles Burk of Ponhandle, president of the association.

Record Entry For Jr. Chianina National

A record number of heifer entries have been received for the 3rd annual National Chianina Junior Heifer Show scheduled for August 8-10, 1980 at the Missouri State Fair in Sedalia, Missouri. Over 100 Chianina heifers have been nominated for this national event by junior Chianina members from Alabama, Illinois, Indiana, Iowa, Missouri, Nebraska, Kansas, Oklahoma, Texas, Kentucky, Pennsylvania and even Alberta, Canada.

The Chianina junior members will be competing for \$5,000 in premiums and trophies co-sponsored by the American Chianina Association and the Aids-To-Farms Division of the Missouri Department of Agriculture.

All cattlemen are invited to attend the National Chianina Junior Heifer Show to be held Sunday afternoon, August 10, 1980 in the Donnelly Arena of the Missouri State Fair. John Cobb will serve as official judge. The grand champion purchased Chianina heifer and the grand champion percentage Chianina heifer will both receive \$1,000 in premiums. The remaining premiums will be awarded to the choicest.

Further information regarding the National Chianina Junior Heifer Show can be obtained from the American

Chianina Association, P. O. Box 169, Blue Springs, Missouri 64015, phone (816) 229-1941.

Chianinas To Highlight Oklahoma State Fair

September 25 and 26, 1980, is the date selected for the inaugural International Chianina Futurity Show and Sale. This prestigious event will be hosted by the State Fair of Oklahoma and will feature an outstanding display of fullblood and percentage Chianina cattle from across the continent.

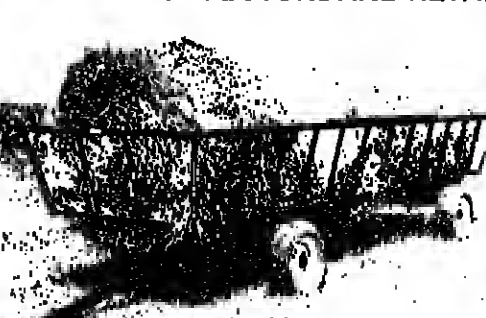

The International Chianina Futurity participants will compete for \$7500 in premiums in this first International Chianina event which is sanctioned by the American Chianina Association. Judge for the event will be James Linthum, noted cowman from Welch, Oklahoma.

Dub Venable, Inc. has announced that show time will be 11:00 a.m., Friday, September 26, 1980, with the sale beginning at 9:30 p.m. that same day. Further information can be obtained through Dub Venable, Inc. Route 1, Anadarko, Oklahoma 73005.

PINZGAUER

... Profitable because they're practical

- ★ GROWTHABILITY
- ★ MOTHERING ABILITY
- ★ CARCASS QUALITY

If you're in the Beef Business, you should consider Pinzgauer. Pinzgauers perform on the Range and in the Feedlot. The Pinzgauer female is noted for her milking ability, high fertility and Longevity.

Although still few in numbers in the United States, compared to other breeds, Pinzgauers have made their mark in feedlot tests, and shows, both on the hoof and in carcass contests.

These are a few reasons why you should take a look at the PRACTICAL PINZGAUER BREED

NEED A 40% RETURN!

If you are now receiving a 6% - 14% return on your investment (C.O.'s, bonds, dividends, etc.) Allot taxes and inflation, you are losing over 5% per year on your dollars.

In today's economy you need a good hedge investment that has been doing in excess of 25% a year. We are the oldest investment company of our kind in America - recommended by leading financial periodicals - and have been providing an investment that has been averaging better than 40% per year for the last six years. It has not gone down in value for 45 consecutive years.

EUROPE SENDS ITS BEST AT LAST.

For 30 years, new breeds of cattle from the continent of Europe have been used in American herds to increase size and performance. Many of them haven't quite measured up to our standards of fertility, calving ease and economic management, but they seemed to be the best we had. No longer.

There is a European breed, already proven in this country, that offers everything the others do, except the problems. They're called Salers (pronounced Sa-lers) and they are the best beef cattle that Europe has to offer American cattlemen... fertile, hardy, growthy... the most trouble-free cattle ever imported. And, they're available today. From the people that have developed the American Salers. For more information write or call:

Stuph & Thangs

(CONT. FROM PAGE 1)

shore from some of our naval installations are paved with engines and other material which was dumped in the oceans to make room for incoming ships as they make sure their appropriations are exhausted before they have to turn any money back to the Treasury.

The reason behind this practice may be sound, but it should not be. The military and the Bureau of Reclamation don't blow all of each appropriation they will have a hard time getting the money they want next time around. Of course, it is easy to understand Congressmen getting feathers ruffled when the Youth Conservation Corps in Missouri orders 1,000 pairs of chop-boards for a group of young people who number only 300.

Natchery the Office of Management & Budget, run by the President, is supposed to control this sort of thing and supposedly has issued orders again and again to stop the practice. But they obviously have other fish to fry and figure what's the difference if a billion here and a billion there adds up.

It is kind of ridiculous for Congressmen to bellyache about this sort of thing just a couple of weeks after they sent the White House what we are calling a "checkbook appropriation" bill for \$10.9 billion, which Jimmy signed into law. This dodge on the part of Congress and the Communist goes on regularly. It is usually relegated to the back pages of your newspapers and is not near as important as the news that the radio and T.V. news. However these "supplementals" are to cover shortages in funds due either to Congressional underestimates of what the bills they pass are really gonna cost or are in cover up over-spending by the Administration in power or their minions in the bureaucracy.

It appears quite obvious that you and I and the rest of us who foot the Government's bills need some kind of watchdog separate and distinct from Congress, the Administration and the Bureaucrats. The way it is either of these segments of our Government appears to have a license to steal and there are enough scampers involved to get this done with monotonous regularity. For instance, we need someone with fangs long enough to bite through the protective curtain these people have and fire guys like the one who issued that order to "obliterate all funds" by the end of 1978 for the Interior Dept.'s Fish & Wildlife Service and others of the same ilk. Interior, by the way is the one that hired a consultant on the last work day of 1979 to find out why it was spending so much money at the end of the fiscal year!

Ever think, The Edditar.

P.S.: Uncle Duck says it looks like Texas may have a rival for the famous snail darter. The Fish & Wildlife Service of the Interior Dept. is reportedly on its trail to get the Devil's River Minnow declared endangered and are trying to stop a flood control dam and when they find out about Lake Amistad they may want to drain it to protect the Devil's River Minnow! Jimmy Carter's council on wages and prices lectures me & all to hold price advances to 8 1/2% or less, yet when USOA wants more money for inspecting your rice, it'll cost you 15% more! If one wonders why our friends around the world are leery of America consider Taiwan. We kept 'em out of the Winter Olympics because they would not change the name of their country, dump their flag and national anthem. We issued rules that nothing made in Taiwan can enter the U.S. if it bears the label made in Taiwan or the Republic of China. Now they aim to forbid the Taipei-based Chia Air the privilege of flying here, unless they change the name of the how silly can you get? — Thaxall, Brothers

Additional U. S. Food

Washington — Secretary of Agriculture Bob Bergland today said \$143 million in additional food for Peace funding for the balance of the fiscal year "will permit us to speed help to countries where the need for food is now critical." A supplemental appropriation bill making the money available was signed by President Carter this week.
